ADDRESSING ISSUES AND DOING CAT: COUNTER
ARGUMENT TRAINING 22 FEB 2020 WIMBLEDON

INTRO

- Huge topics but will start you off
- Just make it work for you
- Goal: To reclaim the **Good Sex** label. God made sex and it is GOOD! We unnecessarily concede the territory to Kinsey's Opposition by allowing them to label us as the 'Anti-sexers': sad, sour, repressed, boring.

AND WHO WANTS THAT REPUTATION?

INTRO II

- We start with psychological analysis of 'harmless naughty fun' and how we are influenced; followed by an exposé of Dr Alfred Kinsey, Father of the Sex Revolution
- We then look at porn, CSE*, sex and Queer/Kink: some examples of 'harmless naughty fun'
- Finally adults: protest this madness---ParentPower: <https://parentpower.family/> is good---but also give your young the best, most accurate and scientific advice!

WHY ARE WE HERE TODAY?
A KEY REASON IS UK LEADERSHIP

FACTORS HERE INCLUDE:

- Worry of a 'Kill-Joy' reputation: 'Puritanism - The haunting fear that someone, somewhere, may be happy.' Powerfully effective (and false) caricature by HL Mencken
- Past moral failure
- Despairing capitulation
- Not wanting to make things worse
- Embarrassment: 'Don't ask, Don't tell'
- Fear others will think one secretly relishes it! J. Butler

A RELATED REASON: IGNORANCE OF BASIC CHILD DEVELOPMENT

- 'Children are like wet cement, whatever falls on them makes an impression', H Ginott, child psychologist. Some sex 'ed' is pornographic, and yet parents don't fuss!

OR WE CAN UP OUR GAME, REALIZING THAT, WITH DOROTHY AND TOTO, 'WE'RE NOT IN KANSAS ANYMORE!'

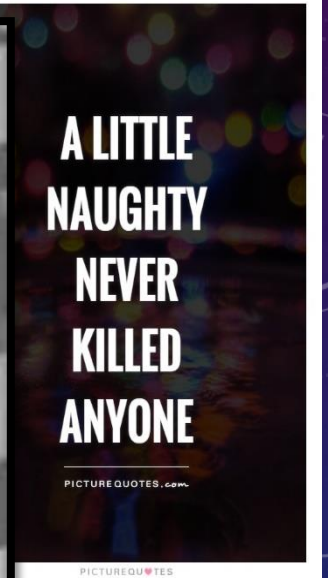

UPPING OUR GAME: NOTE HOW SEX IS SOLD TO A GULLIBLE PUBLIC BY MSM AND THE ESTABLISHMENT

- Sex is infantilized: 'Playboy'; 'sex toys'; etc
- Sex is shrunk: No big deal
- By presenting it as a slightly mischievous, light-hearted 'bit of fun'
- By minimizing/ignoring the massive short/long term damages and costs
- By ignoring the more extreme sexual minorities waiting in the wings: 'We've only just begun'. **Stonewall does NOT include 'all'** but gets away with it. Their claim to the moral high ground is a lie.

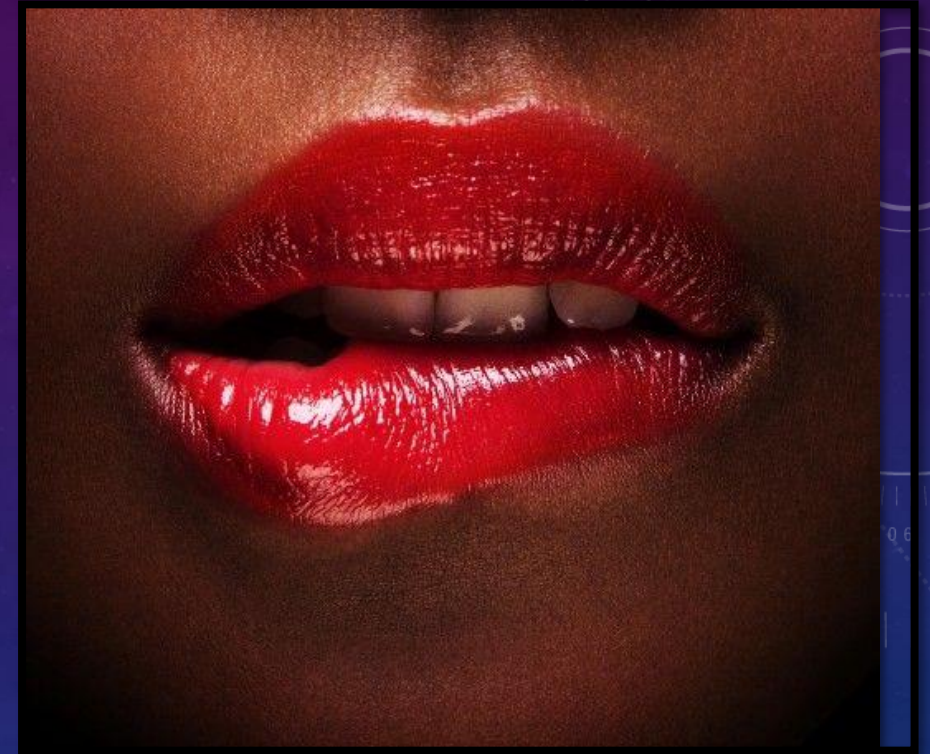

UPPING OUR GAME: IDENTIFY THE HOOKS II

- We all are manipulated by these myths. They include: 'Everything interesting in life is illegal, immoral or fattening.' Also see right:

UPPING OUR GAME: IDENTIFY THE HOOKS III

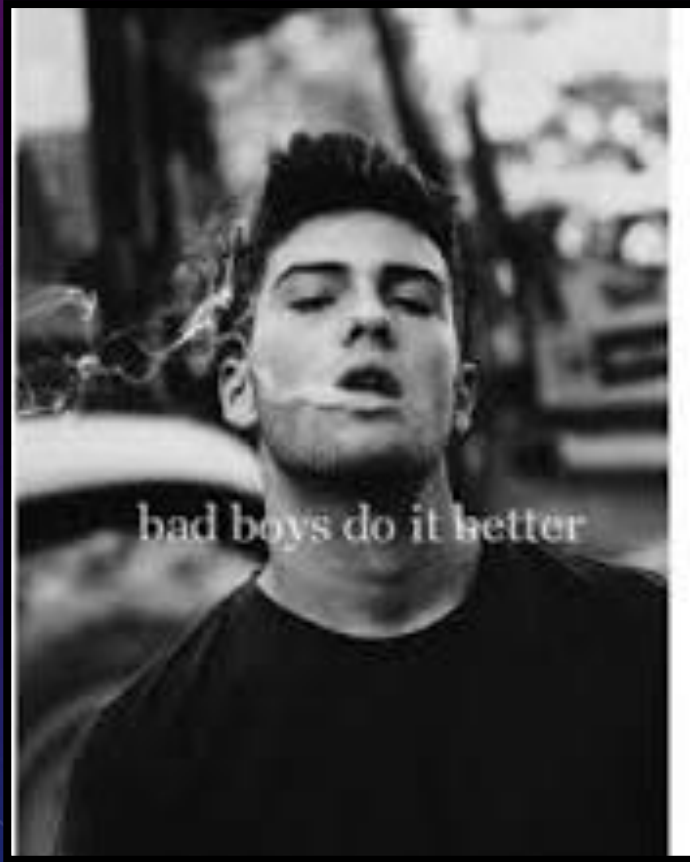

- 'Imaginary evil is romantic and varied; real evil is gloomy, monotonous, barren, boring. Imaginary good is boring; real good is always new, marvellous, intoxicating'. S Weil

I KNEW YOU WERE TROUBLE

1.55-3.20***

I KNEW YOU WERE TROUBLE

- Once upon a time
A few mistakes ago
I was in your sights
You got me alone
You found me X3
I guess you didn't care
And I guess I liked that
And when I fell hard
You took a step back
Without me X3
- And he's long gone
When he's next to me
And I realize the blame is on me
- 'Cause I knew you were trouble when you walked in
So shame on me now
Flew me to places I'd never been
'Til you put me down, oh
I knew you were trouble when you walked in
So, shame on me now
Flew me to places I'd never been
Now I'm lyin' on the cold hard ground
Oh, oh
Trouble, trouble, trouble...

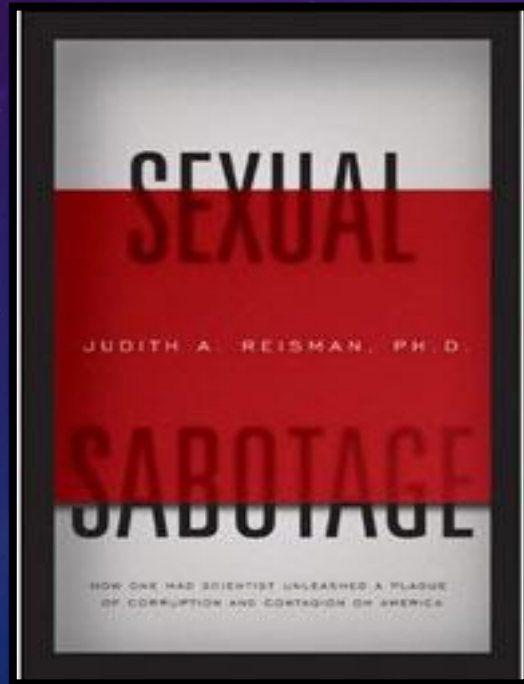

IDENTIFY OUR HOOKS AND TRIGGERS AND LEARN TO RESPOND IN DIFFERENT, HEALTHY WAYS

- ‘All sins are attempts to fill voids’, Simone Weil. How can we avoid our pitfalls? How can we fill our empty internal spaces in healthy ways? How do we learn to **stop self-sabotaging**?
- How can we help our young do the same?
- NB: ‘We can ignore reality but we cannot ignore the **consequences** of ignoring reality’, A Rand

WHAT IS DRIVING OUR PRESENT SEX OBSESSED CULTURE....

GREAT RESOURCE ON KINSEY
JUDITH REISMAN, 'SEXUAL SABOTAGE:
HOW ONE MAD SCIENTIST UNLEASHED A
PLAGUE...' [HTTP://WWW.DRJUDITHREISMAN.COM](http://www.drjudithreisman.com)

- Father of the Sex Revolution, d. 1956
- Kinsey's programme: The 'liberation' of sex from its ignorant, guilt-ridden past through 'science' and the promotion of happy, healthy, inhibition-free sexuality.
What's not to like?!?
- Kinsey's ideology: Spread via Playboy, sexual 'health' organisations and some sex 'education'

LOOKING CLOSER: KINSEY'S IDEOLOGY... OH DEAR

- 'Fornicate early; fornicate often; fornicate in every possible way'
- For Kinsey, 'all types of sexual activity---sex with the **opposite sex**, sex with the **same sex**, sex with **both sexes**, sex with **children**, sex with **whips and chains**, **fisting** sex, sex with **animals**---any kind of sex was normal and common [and good]', Dr Charles Socarides
- Pornography is vital as the gateway to actual sex, and tutors, grooms and grants permission

AND STILL MORE

- Kinsey was an entomologist who collected millions of wasps; he knew little about human biology or psychology. He was a **sadomasochist** who experienced orgasm by inserting soft and later hard objects up his urethra while masturbating: pipecleaners, pencils and toothbrushes (brush end first). He had hundreds+ male partners. He and his 'research' team were filmed having sex in his sound-proof attic studio. His marriage and family life were largely shams. He later struggled with **impotence** and died an early death from self-inflicted sexual wounds.

AND YET MORE

- Kinsey was a sex addict whose PR spin (AKA 'research'), aided by MSM, duped a gullible public. 'Liberating' sex à la Kinsey has contributed to massive increases in STIs, illegitimacy, rape, child sex abuse and family breakdown. His 'research' on child sexuality---children are sexual beings---was obtained from close contact with several pedophiles. It has not been replicated elsewhere: e.g.

THE WAR ON CHILDREN

MORE ON KINSEY: DVD KINSEY: 49.20-52.33***

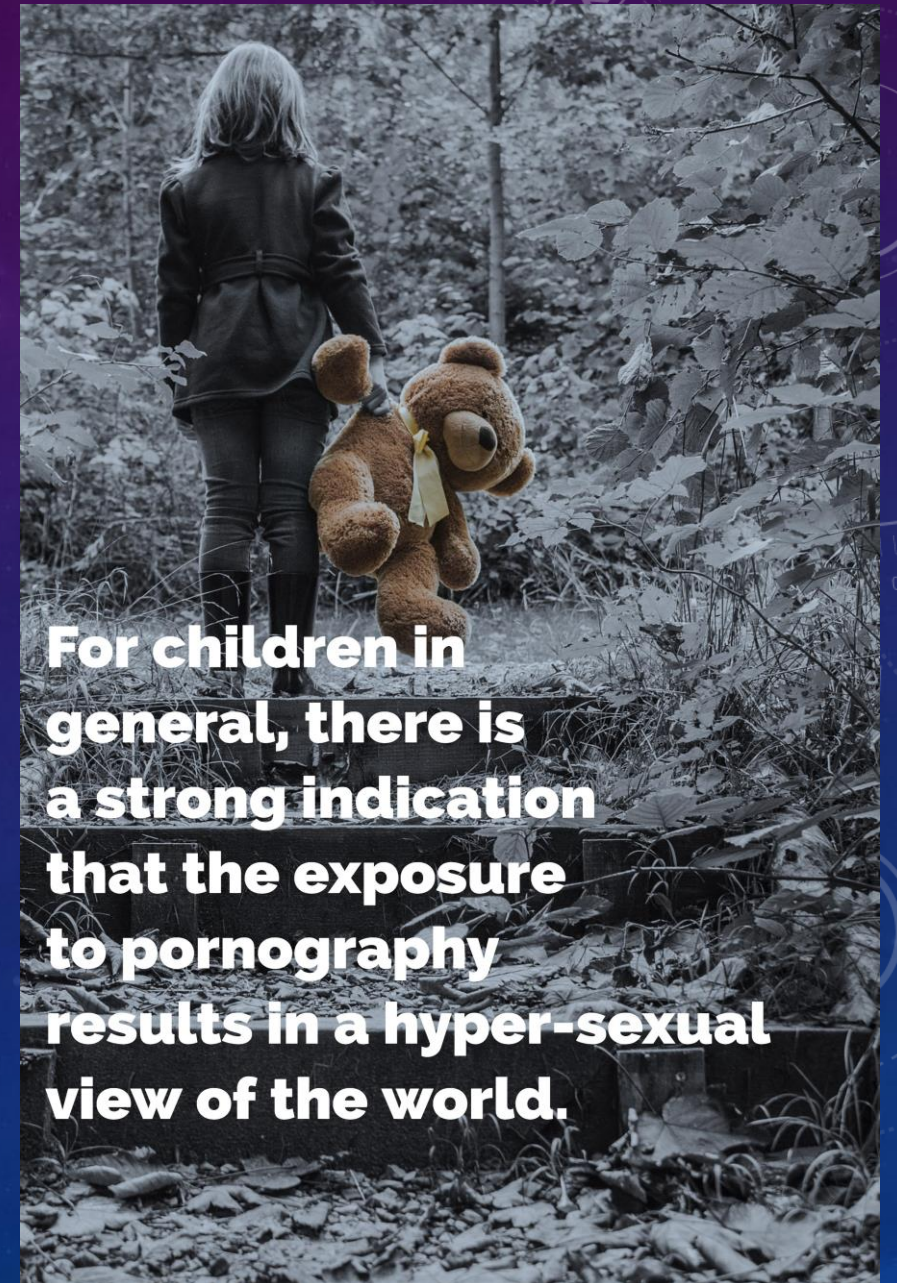

- Kinsey DVD: Why did he label children's responses as orgasms? BC of his own sadomasochism
- Kinsey DVD: Look at his face and those of the children's
- Also, using this 'data' is like using rapists' descriptions to research women's sexuality
- No child psychologist or educational theorist in the 20th C. except Kinsey has advocated sex for children

DANGERS TO CHILDREN THROUGH CSE/PORN

- Children are physically, mentally, psychologically and sexually immature. They have not gone through puberty and thus have only an incipient sexuality, the makings of it
- CSE/porn foregrounds and amplifies sex and sexual pleasure to children: all wrong! They have far more important developmental tasks; focusing their mind on sex now is child abuse. We were spared such insidious propaganda when small.

[HTTPS://EVERACCOUNTABLE.COM/BLOG/ HOW-PORNOGRAPHY-AFFECTS- TEENAGERS-AND-CHILDREN/](https://everaccountable.com/blog/how-pornography-affects-teenagers-and-children/)

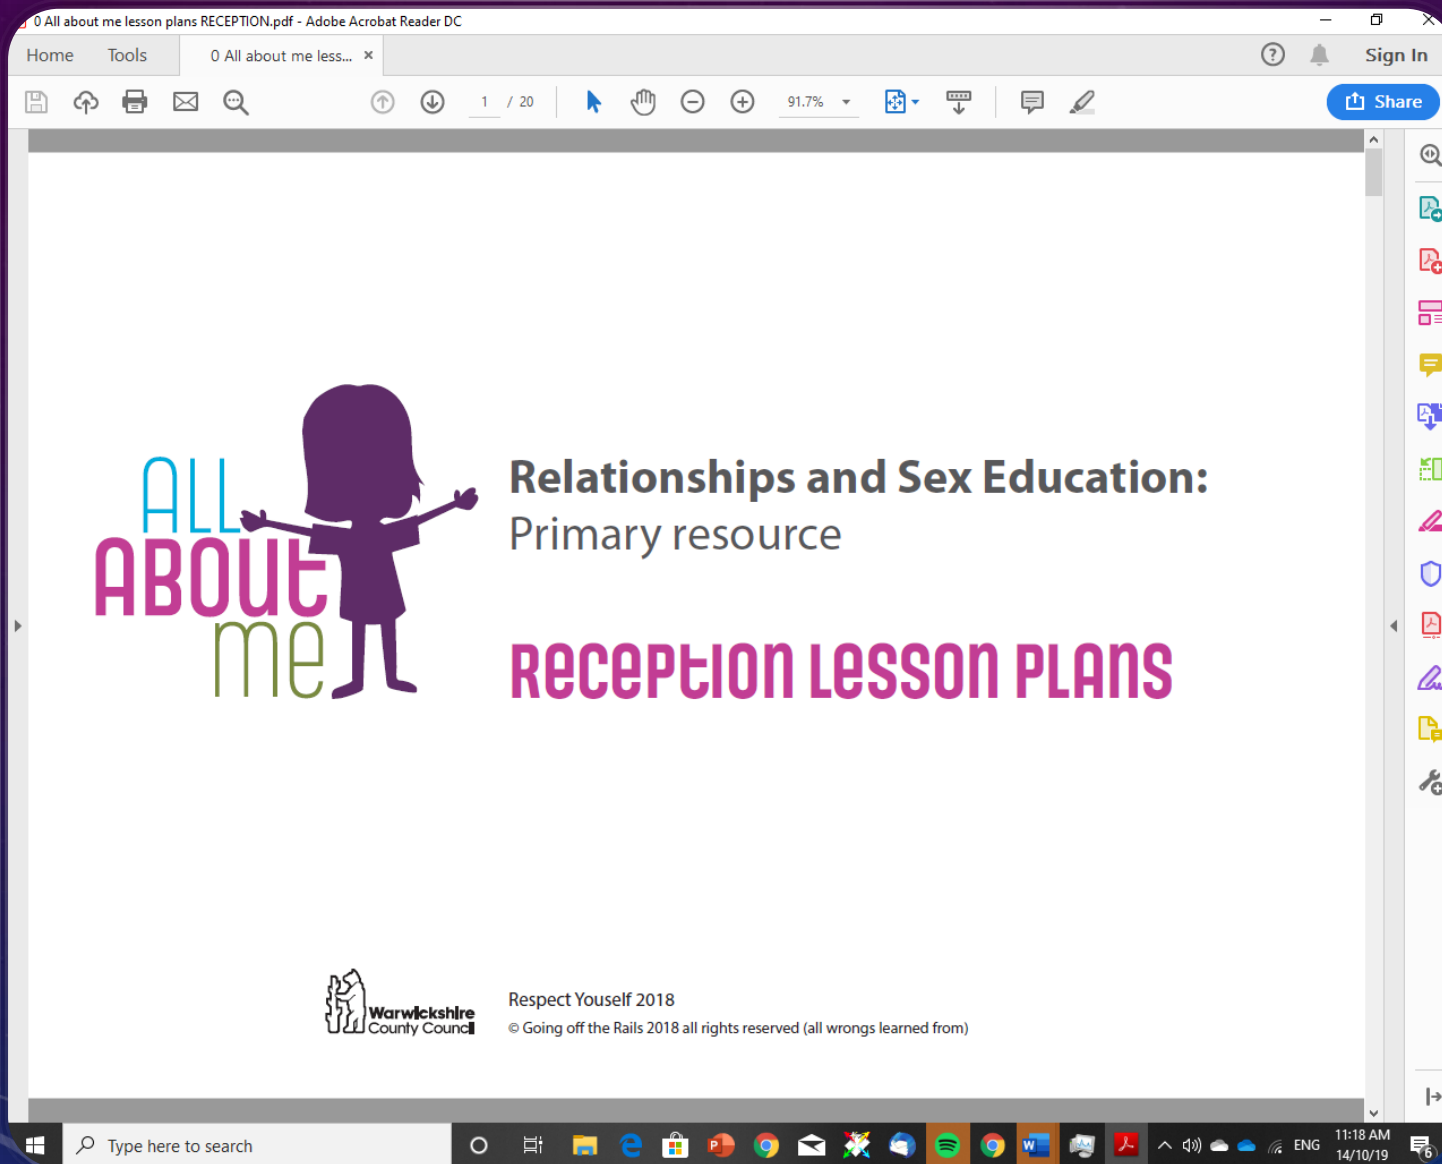

- More than anything, the pornographic worldview creates a culture of **recreational sex**. It destroys the basis for intimacy and promotes infidelity for both sexes. The only way to overcome these effects is to address these responses to pornography with your child, in a healthy way that does not promote shame

For children in general, there is a strong indication that the exposure to pornography results in a hyper-sexual view of the world.

For your information should you need it to remind children of the rules about self-stimulation.

There are also rules about touching yourself too.

Now lots of people like to tickle or stroke themselves as it might feel nice. They might play with their hair, stroke their skin or they may even touch their private parts. This is really very normal. However, some people may get cross or say that it is dirty, especially when you touch your own privates.

This is strange as it is really very normal, however, it is not polite to do it when other people are about. It is something we should only do when we are alone, perhaps in the bath or shower or in bed, a bit like picking your nose, it is certainly not polite to do in class when everyone is watching.

PROBLEMS WITH THIS SEX EDUCATION

- How paedophiles groom vulnerable children.
- ‘Mirror mechanism’: Show & Tell leading to Go & Do. ***War on Children 4.00-4.47, which helps to explain high rates of child-on-child sexual assaults
- The PSHE Association warned (2015) against ‘too much detail’ when teaching about self harm, as it could ‘trigger unhealthy responses’, but what about here?

'THE WAR ON CHILDREN', FAMILY WATCH INTERNATIONAL

- Sexualizes children
- Threatens their health
- Promotes a dangerous gender ideology
- Undermines the parent-child relationship

DANGERS TO TEENS THROUGH CSE/PORN/SEX

- Even teenagers are not properly equipped to weigh up the risks. Their **limbic system** (the reward/pleasure centre of the brain) appears to be developed by their mid teens, but not their **PFC**, with its executive functions of reasoning, judgment, controlling impulses and moderating social behaviour. Desires---Just Do It!---tend to win. Note also the role of **hormones** and the vulnerability of teen girls' **genitalia**, which is why so many get STIs. See Miriam Grossman below.

KINK

KINKSTERS

- Though various terms are used to describe it, kink is sometimes spoken of as a sexual 'orientation'. **Research indicates early awareness (@ 5-10 years of age)**, often followed by self identification and activity in a kink community. BDSM---bondage, domination, sadomasochism---features in kink: physical control and pain being vital to sex. Urine, faeces and ejaculate (sperm) 'play' is often involved. Fetishes, also part of kink, involve specific non-genital body parts, fabrics, fluids etc. in sex.

IS THIS SUITABLE FOR CHILDREN? LONDON GAY PRIDE

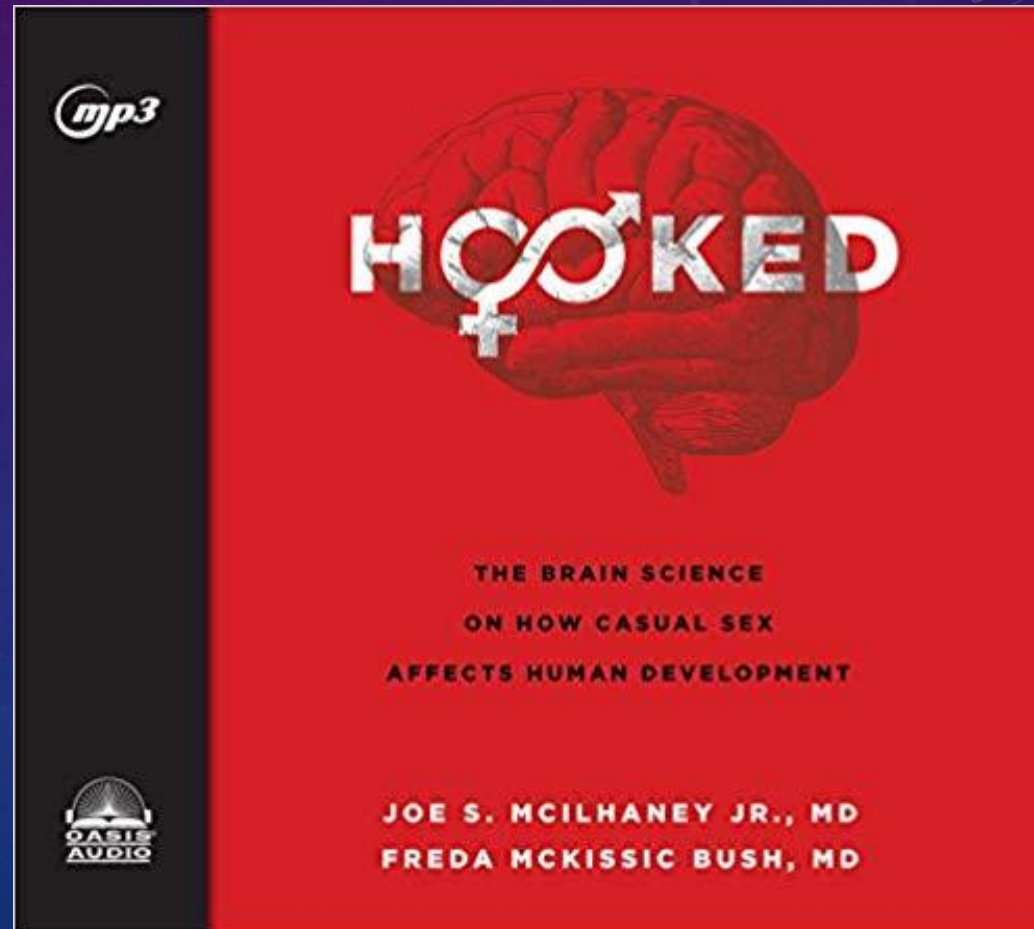

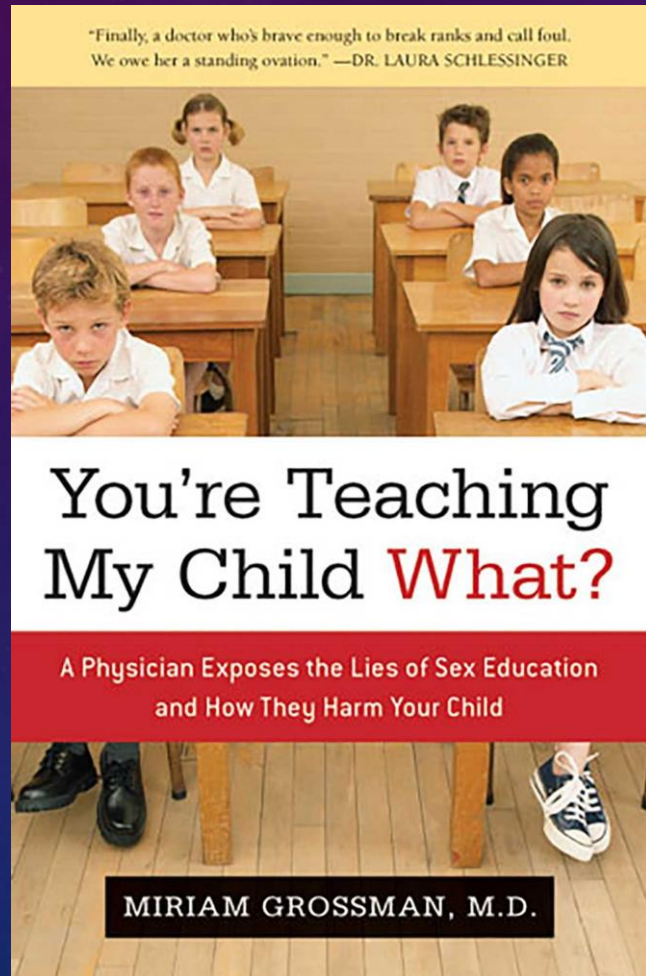

DEPENDING ON AGE/STAGE, YOUNGSTERS NEED TO KNOW:

- Sex is big
- Sex is glue
- Sex is fab!
- Sex is fire
- Sex is for later: marriage gives the best sex
- There is always forgiveness and a fresh start: secondary virginity
- Use your mistakes to help others
- We want their best, and sex now will damage them. Grow up first and then decide...
- And porn is a drug!

NB

HOW IS ANAL SEX 'HEALTHY?'

- Increasingly females are engaging in anal sex, so the diseases and damage being seen in the MSM [men who have sex with men] community will appear there too.
- Even when MSMs use condoms, according to the **BMJ** (8 Aug 2015) HIV transmission was reduced by 64% while that of other STIs by 42%. How is that 'safe'?
- STIs overrepresented in the MSM community. 2% of the pop (ONS 2017). 43%* of new HIV (2018); 65% increasingly-hard-to-treat new Gonorrhoea and 82% new Syphilis cases (2018).

OH DEAR, NOT VERY HEALTHY AFTER ALL!

- Other health issues for MSM according to the NHS Sandyford Protocols (Glasgow): MSM are at risk for Hep A (epidemic levels in places, often linked to anonymous/group sex); Hep B, also Hep C esp. for HIV+MSM; other infections like Shigella from anal-oral activity.

OH DEAR, NOT VERY HEALTHY AFTER ALL! II

- More from the Sandyford Protocols. MSM : 'Anal sphincter disruption. Symptoms: faecal leakage; moist seepage; not normally caused by anal sex unless **fisting**. Treatment: local measures – hygiene, incontinence aids [i.e nappies]; **various surgical procedures, results often disappointing**'.

- GMFA: Lots on MSM infections, also drugs. Poppers or drugs from the alkyl nitrite family used to relax the anal sphincter for easier sex: <https://www.gmfa.org.uk/poppers>
- There is much other roadkill, too, but who dares whistleblow?
